

LINE

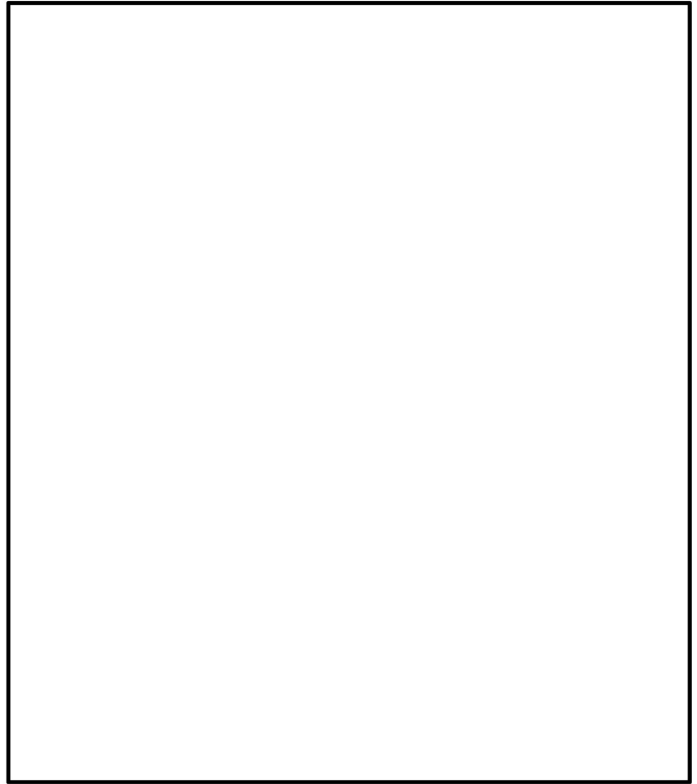

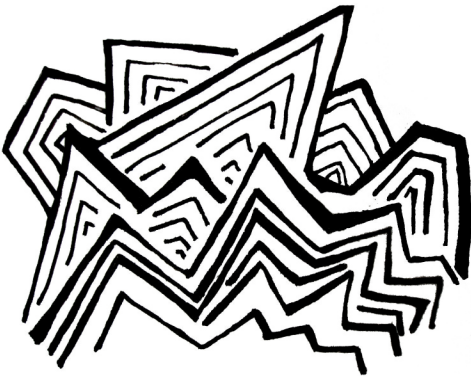

Draw an interesting line design using all of these different types of lines. Check them off as you go.

- straight
- curvy
- diagonal
- squiggly
- zig zag
- bumpy
- dashed
- dotted
- loopy
- like the top of a castle
- swirl
- like hills
- wavy
- spiral
- scribbly
- thin
- thick
- dark
- light
- line that starts off straight, becomes curvy, then bumpy
- your own type of varied lines

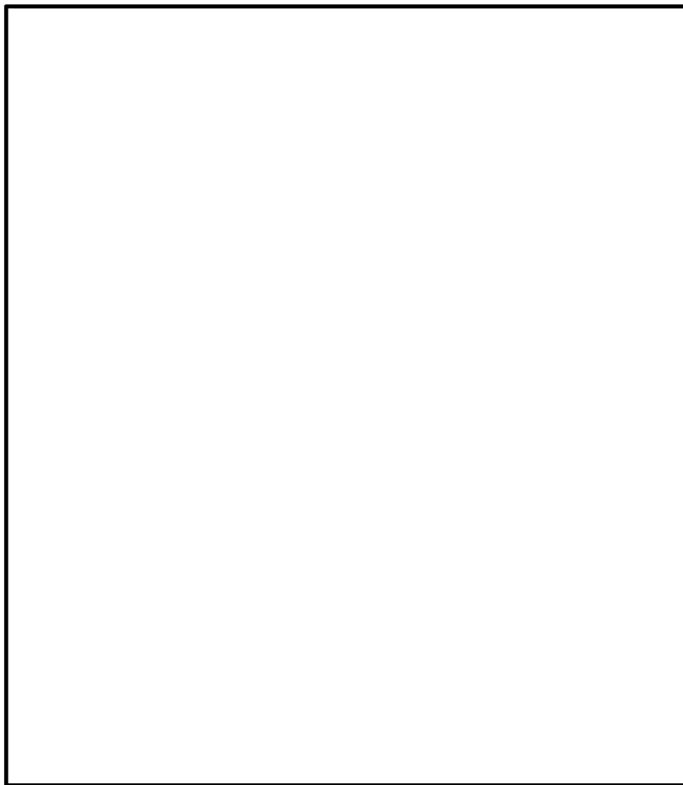

LINE

These are angular, jagged lines. Try drawing a repeating line design using straight, jagged, zig-zag and angular lines.

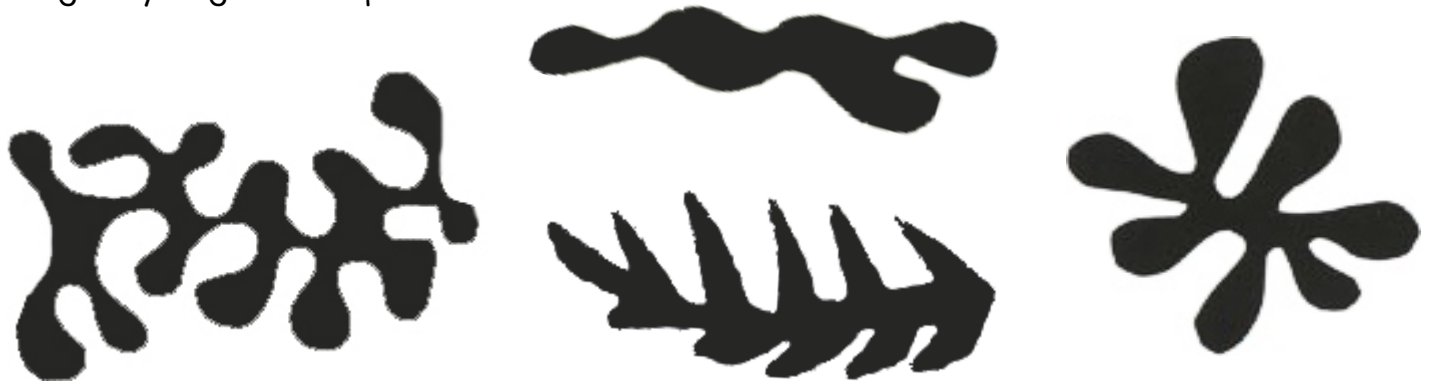

These curvy lines are expressive and varied. Try drawing your own curvy line design.

SHAPE

Organic shapes are free-form shapes, like those found in nature. Draw a picture using only organic shapes.

SHAPE

Geometric shapes are shapes such as squares, circles, rectangles, ovals and triangles. They are mathematical shapes with names. Draw a picture using only geometric shapes.
